PRINCIPAL MESSAGE

"AS A NEW PRINCIPAL TO THIS WONDERFUL SCHOOL, I AM DELIGHTED AND EXCITED AND WOULD LIKE TO EXPRESS MY IMPRESSIONS AND EXPECTATIONS FOR THE SCHOOL. AS WE MOVED TOWARDS THE END OF SESSION 2019-20 AND THE BEGINNING OF SESSION 2020-21 ALONG WITH THE OUTBREAK OF PANDEMIC COVID19, I REALLY FEEL FORTUNATE TO HAVE SUCH COOPERATIVE COMMUNITY OF STUDENTS, PARENTS, TEACHERS AND ADMIN STAFF, ALL OF WHOM ARE UNITED IN A DESIRE TO PROVIDE THE VERY BEST ENVIRONMENT FOR EACH CHILD. THROUGH THIS 'NEW NORMAL' AND 'VIRTUAL' LIFESTYLE ALSO OUR CHILDREN HAVE THE OPPORTUNITY TO TAKE PART IN MANY ACTIVITIES LIKE SPECIAL EVENTS, TASKS, COMPETITIONS AND SPORTS ACTIVITIES."

HEAD GIRL MESSAGE

"LEARNING IS A JOURNEY, NOT A DESTINATION." WE ALL ARE IN THE BEST PART OF OUR JOURNEY, AND THAT'S OUR SCHOOL LIFE. I HAVE LEARNED SO MUCH FROM MY TEACHERS, "FROM WEAKNESS TO STRENGTH, FROM GRASS TO GRACE AND FROM NOTHING TO SOMETHING. THE KNOWLEDGE YOU HAVE IMPARTED UPON ME HAS BEEN A GREAT ASSET THROUGHOUT MY LIFE." OUR GUIDE, OUR PRINCIPAL MA'AM, I THINK SHE IS ALWAYS AN INSPIRATION FOR THE STUDENTS AND I'M SURE THAT SHE GIVES US AN OCEAN OF OPPORTUNITIES TO SHOWCASE OUR TALENTS AND CHANNELIZE OUR ENERGIES. WE ARE TRULY LUCKY TO HAVE SUCH A PRINCIPAL AND TEACHERS WHO SPARED NO PAINS IN PREPARING US FOR EXAMINATIONS. WE ARE FOREVER GRATEFUL FOR ALL YOU DID. AND TO MY JUNIORS, I WOULD LIKE TO SAY THAT "BEHIND EVERY CHILD WHO BELIEVES IN THEMSELVES, IS A TEACHER WHO BELIEVES IN THEM FIRST." "I DON'T KNOW WHAT MY DREAM WAS, BUT MY HAPPINESS STARTED WHEN I JOINED AVN". THE ROAD IS LONG, AND IN THE END, EVERY STEP OF THE JOURNEY IS A DESTINATION, IN ITSELF."

CELEBRATING INDEPENDENCE

We all want freedom and independence. But is it only about having our own house, our own room, our own money and our own decisions? We seek political, financial, physical and social freedom, but after having it all, are we truly independent? Let us explore our emotional freedom today. To experience independence, a good starting point is to identify our dependencies. If there is anything for which we say 'I cannot do without' or a person for whom we say 'I cannot live without' or a sanskar for which we say 'It's not in my control', then we are emotionally dependent. Our basic list of dependencies would include - Mobile, Internet, Social Media, Television, Coffee, Alcohol, Smoking, Particular types of Food, Shopping etc.

A little more checking will reveal our deeper attachments and dependencies -

1. People and Situations should be my way
2. People's Approval and Appreciation
3. My opinion is right and yours is wrong

We can complete the list with all those things for which our mind gets disturbed. Let's ask our self - do we get hurt or angry always? The answer will be "DEPENDS ON" the person who made the mistake ... DEPENDS ON what they did ... DEPENDS ON how they behaved.

We believe that our emotions are dependent on who they are and what they did. The truth is "DEPENDS ON" our state of mind and the response we create irrespective of who they are and what they did. "We are enslaved by our own belief systems and it is time to free our self and awaken to a new way of thinking and living." Swa-Rajya means to be a ruler or master over our mind and senses.

*IN-Dependence means to be dependent only on our inner qualities and powers to respond to any behaviour or situation. *IN-Dependence means we have the power to give blessings to those who betrayed us; we can share and care for those who rejected us; we can co-operate with those who are jealous of us; we can be calm and soft with those who are shouting at us.

*Let's create a new belief system - People and situations have NO CONNECTION to my response. *I have the choice and the power to create the right feeling and behaviour each time and for each one. *I am INDEPENDENT.*

GPS - GLOBAL POSITIONING SYSTEM

GPS is a system. It's made up of three parts: satellites, ground stations, and receivers. Satellites act like the stars in constellations—we know where they are supposed to be at any given time. The ground stations use radar to make sure they are actually where we think they are. A receiver, like you might find in your phone or in your parents car, is constantly listening for a signal from these satellites. The receiver figures out how far away they are from some of them. Once the receiver calculates its distance from four or more satellites, it knows exactly where you are. Presto! From miles up in space your location on the ground can be determined with incredible precision! They can usually determine where you are within a few yards of your actual location. More high-tech receivers, though, can figure out where you are to within a few inches! The ancient sailors of history would be flabbergasted by the speed and ease of pinpointing your location today.

DISNEY WORLD HISTORY

A Disneyland, amusement park in Anaheim, California, featuring characters, rides, and shows based on the creations of Walt Disney and the Disney Company. Though its central building, the Sleeping Beauty Castle, is modelled on Germany's Neuschwanstein Castle, it is an unmistakable icon of American popular culture.

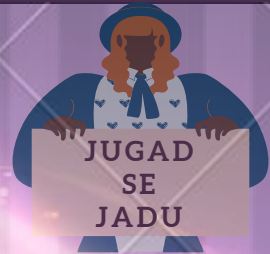

Disneyland is the only Disney theme park designed and built under the supervision of Walt Disney. By as early as the 1940s, Disney had begun planning themed experiences to complement his Burbank film studio: a backlot tour that would include a train ride through a "village" set and an amusement park that would cater to his employees and their children. By 1952 he had formed WED Enterprises, a corporate entity created to plan and build the amusement park on studio grounds.

On October 1, 1971, Walt Disney World Resort opened to the public with great fanfare. The themed areas originally opened in Disneyland were Main Street, U.S.A., evoking a Midwestern American town at the turn of the 20th century and modelled on Disney's hometown of Marceline, Missouri; Fantasyland, based partly on stories from Disney animated features; Adventureland, a jungle-themed area; Frontier land, featuring the Mark Twain Riverboat; and Tomorrowland, an optimistic vision of the future. Subsequent additions were New Orleans Square, based on the southern U.S. city of New Orleans; Bear Country, later renamed Critter Country, featuring the Country Bear Jamboree and the Splash Mountain ride; and Mickey's Toon town, a colourful world modelled on cartoon animation. A short-lived Holiday land existed from 1957 to 1961. The Anaheim property also holds a sister park, Disney's California Adventure, which opened in 2001; a separate shopping, dining, and entertainment area called Downtown Disney District; and three hotels. Today, the park continues to add exciting new features and is bigger and better than ever before. Disney hosts over 50 million guests per year and lays claim to the most visited vacation resort in the world.

Why God Made Teachers

When God created Teachers,
He gave us special friends
To help us understand his world
and truly comprehend
The beauty and the wonder
of everything we see.
And because a teacher person
with each discovery.

When God created Teachers,
He gave us special guides
To show us ways in which
to grow.
So we can all decide
How to live and how to do.
What's right in stead of wrong
To lead us so that we can
lead,
and learn how to be strong

Why God created Teachers,
In his wisdom and grace,
was to help us learn to
make our world
a better, wiser place.
