### **EDUCATIONAL TOURS & FIELD TRIPS**

Teaching children about the natural world should be seen as one of the most important events in their lives.

Educational tours and field trips allow the children to learn by experience, to build confidence, effective learning and making the memories. Educational tours and field trips are best way to give students a platform to understand the basic and textual knowledge.

Educational tours and field trips provide an opportunity for total immersion in the natural environment and social setting. On such excursions, the student practices his social skills and critical thinking abilities outside of the controlled class setting.

The primary section has visited Kamla Nehru Zoological Garden (Kankaria), Gandhi Ashram, Kids City and Traffic Park for the educational trips. It was an outdoor learning experience for all.

The educational field trips conducted for secondary and higher secondary sections were Heritage Walk, Karnavati University, Gandhi Ashram and GSTV channel studio. These educational trips offered students the opportunity to learn about a subject in a more hands-on experience.

### **ENRICHMENT PROGRAMMES FOR TEACHERS AND STUDENTS**

From creativity to communication, problem-solving to public speaking, enrichment classes present fun challenges that help learners improve their skills. create the innovative environment in school, a teacher has to update herself not only teacher but very one should get updated with new ideas and creativity.
